Business Model Canvas

Designed for:	*Designed by:*	*Date:*	*Version:*
IoT Bus Management	R26-ISE-004	2026	1.0

Key Partners

- National & Provincial Transport Authorities
- Private Bus Owners & Operators Associations
- IoT Hardware Suppliers
- Cloud Service Providers
- Mapping/ GIS Data Providers

Key Activities

- IoT device development & deployment
- Real-Time bus tracking & event detection
- Route compliance monitoring
- Policy-driven scheduling & time slot management
- Dashboard & Mobile app development

Key Resources

- IoT devices (GPS, ESP32, Sensors)
- Cloud-based database
- Route maps, schedules & policy rules
- Event processing & analytics engine
- Skilled Team (Software, Data, transport domain)

Value Propositions

For Transport Authorities:

Improves route compliance, supports policy enforcement, automates monitoring, enables fair permit and incentive decisions, and increases operational visibility.

For Bus Operators / Owners:

Provides real-time trip visibility, fair revenue-related calculations, schedule updates, breakdown reporting, and mobile access to earnings and operational data.

Key Benefits:

Reliability, Transparency, Compliance, Cost Efficiency, Safety.

Customer Relationships

- Institutional onboarding & training
- Technical support & maintenance
- Automated alerts & reports
- Self-service dashboards & mobile access
- Co-creation with authorities & operators

Channels

- Direct B2G/ B2B sales
- Pilot projects with selected routes/fleets
- Transport Authority partnerships
- Web Dashboards
- Mobile Application

Customer Segments

Primary Customers:

Road Passenger Transport Authority

Secondary Customers:

Private bus owners, depot managers

Cost Structure

Fixed Costs: Staff salaries, cloud hosting, software development, platform maintenance.

Variable Costs: IoT device procurement, installation, connectivity/ data costs, field testing, training, and support.

Cost Model: Hardware & Software service model

Revenue Streams

- Platform subscription / Annual licensing
- Per-Bus or Per-Route Monitoring Fees
- One-Time setup & integration fees
- Maintenance & Support Contracts
- Premium Analytics / Custom reporting
